

P.C.B. LAYOUT

SCHEMATIC

Specifications:

- Contact rating: 100mA, 12V DC
- Contact resistance: 20mOhm max.
- Insulation resistance: 100MOhm min. at 500V DC
- Dielectric strength: 500V, 50Hz for the duration of 1 minute
- Operating temperature: -20°C to +85°C
- Mechanical life: min. 10 000 cycles
- Soldering conditions: auto-soldering: max.: 260°C +/-5°C, 5sec.
- Switching function: on - on
- Slide color: black
- Material: copper alloy, silver plated over nickel barrier

Tolerances: up to 10: ±0.2mm above 10-50: ±0.3mm	Date	Name
	03/09	dr
