

P.C. MOUNTING

SWITCH RATING

code for y	contacts and terminals	rating AC with real load	rating DC with real load
empty	silver-plated over nickel	1A/250V, 3A/125V	3A/28V
B	gold-plated over nickel	0.4VA/20V	0.4VA/20V
T	same as B, terminals tin-plated	0.4VA/20V	0.4VA/20V
G	gold-plated over silver over nickel	1A/250V, 3A/125V	3A/28V

Specifications:

Contact resistance: 20mOhm max. at 2-4V DC
 Insulation resistance: 1 000MOhm min.
 Dielectric strength: 1 500V RMS
 Operating temperature: -30°C to +75°C
 Mechanical life: 50 000 make-and-break cycles
 Material: Case / bushing: glass filled nylon 6/6, flame retardant, heat stabilized (UL94V-0)
 Plunger: glass filled nylon (UL94V-0)
 Switch support: brass or steel, tin plated
 Switch support retainer: stainless steel

Tolerances: 0.00: ±0.25mm 0.0: ±0.40mm	Date	Name
	07/06	dr
Rating	07/10	dr
Modifications	Date	Name
